

Item	Notes	Sprite	Gacha	Gacha Aux	Craft Mat 1	Craft Mat 2	Location(s)	Scepter Effect	Misc. Notes
9 Iron	Has similar stats to the standard golf club, but it doesn't break.						Offices Sporting Goods Stores		FORE
A*O	Summons I'a when thrown.						Mansions		Ancient Ones
Ace Com-Bat	An above-average bat. Wielding the bat with the Athlete perk causes a bomb to be flung into the air. Hitting the bomb at just the right moment will light it and send it forward. Ace P.'s trademark weapon.							Successful bomb hits restore fatigue.	
Adjudicator	Only accessible to Alice once her morale is maxed out. Reverts back to the Rated-R knife if morale is less than 6.							Does not revert back to the Rated-R if morale drops below 6.	
Adrenaline Shot	Restores 1 HP and gives a coffee boost when used.								
Airstrike	Summons a volley of explosive rounds in front of the user. Explosions do not cause friendly fire. Exclusive to Oniera.							If unfatigued, stamina will be expended instead of charges.	
Akujiki	Dashes on swings. Swinging does not use stamina. First impact after wielding the weapon starts a timer. The timer will rapidly drain stamina as long as the weapon is wielded. Becoming fatigued while the timer is active will induce a long self-stun, followed by the sick and tired debuffs. Restores stamina and refreshes cooldown on-hit.							Deals aoe damage on-hit.	Based on the sword from PS2 Shinobi.
Ampoule Arbalest	Fires a projectile that spews harmful gas. Also produces a healing puff in front of the user. Uses one medical unit per shot. B*A*N users start with this weapon.							Double projectiles.	TF2 reference
Aptechka	Disposable item. Cures debuffs when used. Health Care types can use it an infinite amount of times.							Provides an aoe debuff removal on use.	SOVIET CHEESE
ARGHalia	A makeshift lance with an extremely high knockback chance.								Used by Astolfo from the FATE franchise.
Arnie 87	Mild variant of the standard shotgun. Fires faster, but with a wider pellet spread.								Winchester model 1887
aSPERGiullus	Sometimes produces poison clouds upon impact.							100% gas proc chance.	Pippa, mold, etc.
Avtomat	Same stats as the Moist Nugget, except with a much higher rate of fire.								Hunt: Showdown reference.
Axe of the Sun	Produces light and grants fire immunity when wielded. Creates small fires upon impact.							Swinging emits a small fireball.	This is based on a rather obscure weapon from that one russian SS13 game. Hope you don't mind, Randy.
Axtinguisher	Produces a powerful aoe blast when used on burning zombies.							Burning crits also restore fatigue.	TF2 reference.
B*A*B Card	Summons Sena EX when thrown.						Hardware Stores		Build A Bear
B*A*R	A slow, yet powerful automatic rifle.								Browning Automatic Rifle
B*F Card	Summons Minna EX when thrown.								Baked Fresh!
Babby Blade	A crappy cosplay version of the Kingdom Key. Reimi starts with one.								Reimi originally had a Kingdom Key, but it proved to be too powerful for a

Backpack	Opens your trunk inventory when swung. Top Seller starts with one.							No swing cooldown.	Was inspired by the backpacks in Resident Evil: Outbreak.
Baffle	Restores one morale when used.							Double morale boost.	
Bag of Holding	Same as the Backpack, but with a faster use speed. Rinmama starts with one.							No swing cooldown.	
Barberos Staff	Creates a healing puff and a poison puff in front of the user. USES ONE HP PER SWING. HP LOSS CAN BE LETHAL. Clerics will not suffer HP loss technically; they will have their HP set to one and have DOOM increased instead.							For clerics: No HP penalty. Doom still increases, however.	Slightly based off of a barber-based item/idea I had for [that russian SS13 game].
Barlin	A rifle that uses pistol rounds. Slow, but accurate.						Bars		Marlin lever action.
Bauer	A silenced SMG. Highly accurate.								This is based off of a cursed bubba thompson smg that I saw once.
BBall	A throwable weapon. Bounces around randomly on impact. Athletes start with one.								Hard to find these after the great bball purge...
Be Not Afraid	Provides light. Grants i-frames while attacking. Exclusive to Abigail.							No longer provides i-frames, but will restore fatigue instead.	Sprite was originally based off of Angelic Guard from Ragnarok Online
Beam Gun	A laser gun. Slow RoF, but it never runs out of ammo. Momomo starts with one.						Starman (rare)	Shorter cooldown, but uses more fatigue.	This is technically a melee weapon. Had to code it this way to work in the unarmed slot.
Beam Katana	Provides light if the weapon still has charges. Can destroy anything in one hit. Swings use charges. Swinging the weapon with no charges self-stuns, but then grants additional charges a few moments later.							Attacking no longer uses charges.	NO MORE HEROES
Bektor	An extremely accurate, high RoF SMG.								Added in because Kirsche loves the KRISS Vector
Big Mac	Hits hard, but slows down the user and increases their hitbox.							Cooldown reset on hit.	
Bippo	Provides light. Can sometimes burn things on impact.							100% burn proc chance.	It's a zippo.
Black Bort	A run of the mill bb gun. Shots do not cause much damage, but have a high knockdown rate.								You'll shoot your eye out, kid!
Black Bort LE	A special edition bb gun. Hits significantly harder in comparison to the standard Black Bort.								Fallout reference.
Blight Blade	Makes the user sick and tired when swung. Successful hits reset cooldown.							Turns into the Seven Fold sword when wielded.	
Blink Baton	Boomerang-type weapon. Warps zombies to random locations on hit.								
Block o' Bricks	Summons Sterling EX when thrown.						Hardware Stores		
Blood Potion	Heals and increases max HP by 1. Can only be used by vampires.							Can be used by anyone.	
Bloody Mallet	Creates slippery red puddles upon impact. Exclusive to Freazy.							Cooldown refresh on impact.	
Blue Herb	Cures both sick and tired debuffs when used.								Resident Evil

Blunderbread	Creates food upon impact, along with greatly raising DOOM.							Increases DOOM at a lower rate.	Requested by the Wonderbread man himself.
Body Pillow	Lightweight, light impact, light knockdown.								
BoF-93	Fires a quick burst of flames. Uses shotgun ammo.								Name is a reference to Breath of Fire
Bokken	An unbreakable stick. Does very little damage. Hero Types start with one.								
Bolar Star	A slow-firing laser gun. Unlimited ammo. RAZ has one in his HC arsenal.							Double projectiles.	CAVE STORY
Bolaroid	Stuns nearby enemies on use. Has limited charges.							If unfatigued, stamina will be expended instead of charges.	It's a Polaroid camera.
Bon Depot	Drops hardware-related items when used. Always drops vinyl tape in addition to the item's usual loot table. Gachaddicts receive a shamazon box in addition to the item's usual loot.						Factories Hardware stores		Yet another Sena Bon reference.
Bone Sword	Starts an eleven second timer after the first swing in a mission. Selfstuns and lowers HP to 1 if the timer runs out. Timer is refreshed upon impact. Exclusive to Woozie and other Back to the Wall trait users.							The timer will no longer be active.	
Bonederbuss	An extremely powerful shotgun. Picking up femurs, spines, or spines w/ skull accessories will reload it. The gothkeeper starts with one.								Sprite is by Sycamore (I assume).
Bonhandler	A half-decent replica sword.						Hardware Stores		Based on the odd fact that Home Depot sells replica swords.
Bonker	A longer crowbar. Exclusive to I'a.								
Borb	Completely useless. Only weapon available for the Magneeto trait. Zetra starts with one.						X		
Brand New Yo-Yo	Using this replaces your unarmed attack with a Yo-Yo.							Unlimited uses.	
Brick	Throw it. Bar Tenma can summon them.						Hardware Stores Junk Yards		
Brick Bludgeon	An improvised weapon that functions similarly to sledgehammers. Inventive craft only.								Based on an improvised weapon from Resident Evil: Outbreak
Bubba-9	Functions as a flashlight. Uses pistol ammo.								Technically counts as a melee weapon.
Buckler	Grants i-frames when swung. Can be crafted by Inventive users.							No longer provides i-frames, but will restore	
Bussin'	Nothing special. Can be obtained by using a screwdriver on a bus sign with 3 or more mechanical.						Appears in most of sycamore's maps.		
BZ-Stinger	Fires tazer slugs that zap nearby zombs on contact. Uses shotgun ammo.								
Caber	Explodes upon impact. Does not cause friendly-fire.								TF2

Canadian 220	An extremely fast smg that uses charges instead of ammo, thus it cannot be reloaded.								NEW VEGAS
Canteen	Instantly restores stamina when used. Pathfinders start with one.							Infinite uses.	
Carcosa	A cursed spellbook that provides the following spells: -Mass Combustion -Time Stop								Name and design are references to the King in Yellow.
Care Package	Produces a small amount of bullets, rifle rounds, shotgun shells, meds, food, and gas upon use. One will always drop from exotic and cop cases.								
Casey Bat	Typically deals low damage, but has a chance to cause a catastrophic crit. Athletes suffer less of a fatigue penalty while critting.								
Catsup	Creates a large, slippery puddle when thrown. Kirsche can sometimes generate one after missions.								
Chaos Tome	Spawns a variety of helpful affects when swung. INCREASES DOOM WHEN USED. Mauthe starts with one.							Increases DOOM at a lower rate.	
Chekhov	Occasionally spawns disposable Minie Rifles on impact.							100% proc chance.	Genshin, I think. Was Pippa's waifu.
Chemical X	Increases the max cap of all stats by one.								
Chronolock	Freezes all visible zombies for several seconds. Recharges inbetween missions. Exclusive to Dante.							If unfatigued, uses stamina instead of charges.	
Citadel-R	Sprays a rapid volley of pellets, similar to shotguns. Uses pistol ammo.								CITADEL MENTIONED
Cobray	Fires devastating shotgun blasts, but jams immediately after use. The weapon can only be unjammed by wielding it again.							Never jams.	The actual Cobray is a complete piece of garbage. Don't use it.
Cocoanut	Summons Korsche as a temporary ally when thrown. Rarely spawns from coconut projectiles. Kirsche sometimes generates one after missions.								Kirsche reference.
Coconut Gun	Fires coconuts. Slow, but has unlimited ammo. Self-stuns if the user has 3 or less strength. Gungineer craft only.							Double projectiles.	HIS COCONUT GUN IT FIRES IN SPURTS IF IT SHOOTS YA IT'S GONNA HURT
Coffeco Card	Summons Feco when thrown.						Coffee Shops (costs 5 food)		
Contraband Crate	Contains mostly improvised weapons. Gachaddcits will also receive a shamazon box after opening these.						Anywhere (rare) Police Stations (common)		
Cop Case	Produces a care package and a random police-related gear when swung.						Police Stations	Double ammo packs.	
Cosplay Card	Summons a random vtuber when wielded.								
Croco Hammer	High knockdown, low damage. Nasby's signature weapon.								
Crossbow	Fires a single, powerful bolt. Unlimited ammo, but loading a new bolt takes time and stamina. Having 6 or higher strength greatly lowers the reload time.							Post-shot delay is much shorter.	The crossbow and its accompanying bolt are in the base game, but they don't seem to be used for anything.
Cup of Tea	Restores all stamina and a gives point of morale. Discarded after one use. Feco EX sometimes generates these inbetween missions.							Double morale gain.	
Cursed Chest	Produces a random rare weapon when held. INCREASES DOOM AND SUMMONS RUSHIA WHEN USED.						Anywhere (Rare) Mansions	DOOM increase is much lower.	

D*B*S	Extremely heavy. Grants i-frames when swung.						Museums Mansions	No longer provides i-frames, but will restore fatigue instead.	Demon's Souls reference.
D*T*T*A*H	Fires shotgun shells with a very wide spread. Gungineer craft only.								Don't Try This At Home
Dancing Dagger	Disposable throwing weapon. The living daggers spawned from the Dancing Dicer may drop these sometimes.								
Dancing Dicer	Occasionally summons living daggers on impact. Exclusive to Shondo EX.							100% proc chance.	Weapon concept inspired by the Dancing Daggers in Final Fantasy.
Dash Boots	Grants a movement speed bonus while wielded. Does a short dash and gives i-frames when swung. Speedrunners start with these equipped.							Even faster movement speed.	Design inspired by the dash boots from Zelda LttP
Dead of Night	Stronger than the standard Kingdom Key, but it is also cursed to make any current map dark.							Darkness curse is disabled.	KH
Defib	Deploys a set of shock paddles when used. Paddles can revive any dead humanoid on contact and sets them to 1 HP.							If unfatigued, doesn't break after deploying paddles.	
Dexterity Guide	Increases dexterity by 1 when used. Fast Learners also receive a max fitness boost.								
Diamond	Provides a large amount of light. Can be sold at a high price.						Bank (common)		
Dingman	An extremely accurate revolver. Uses rifle ammo instead of the standard pistol fare.								APEX reference.
Dingy Daki	Fast, weak, and has a small knockdown chance. Attracts flies. Both Pippa and Pibbers start with one.								Originally made for Pippa since she loves Colress.
Dispel Scroll	Deploys a scroll when used. Stepping on the scroll unlocks all bound inventory slots and removes any main_event scripts from the character (ie archer ammo regen, curses, etc.). Does NOT work on Link.							Infinite uses.	
Dolt Deringer	Fires a single crappy bullet when wielded. Doesn't use ammo.							Bullet is significantly stronger.	
Dolt Dragoon	Capable of firing a rapid volley of 6 rounds. Can be reloaded by gungineers or by expending hearts.								Based on the Colt Dragoon.
Dolt Eagle	Hits hard, but self-stuns if the user's strength is below 4. Wawa's signature weapon.							Strength requirement is no longer needed.	DEAGLE
Dolt Frontier	Fires a round that has a high chance of ricochet and penetration. Strictly uses hearts as ammo.							Cooldown reset on use. Fires an additional bullet in a random direction.	THIS GUN...IS THE BEST GUN...EVER...
Dragon Claw	Extremely long range melee weapon. Teleports the user to any object that is struck. NOTE: Objects do not include walls, shelves, and other building components. Anything that can be destroyed can be grappled.							Destroys objects in a single blow.	Vaguely based off of the Dragon Claw from Final Fantasy Mystic Quest.

Fumarang	A MASSIVE boomerang. Causes aoe damage on impact.								
G-Zero	Summons Gat EX when thrown.								
G+G+G Mix	Heals all HP when used. Can be crafted by anyone.								Resident Evil
G+R Mix	Heals all HP when used. Can be crafted by anyone.								Resident Evil
G+R+B Mix	Heals all HP and cures both sick and tired debuffs when used. Can be crafted by anyone.								Resident Evil
Gachapong	Hits hard, but it is slow.								Can only be obtained by smashing a gacha vending
Garrison	Fires a hail of bullets in random directions when used. Uses pistol ammo at a 20% rate per shot.							Double projectiles.	Direct reference to Gunslingers from Ragnarok Online
Gatarang	Boomerang-type weapon. Fires bullets in random directions on impact.								Easily the dumbest idea I've ever had.
Gatekeeper-DD	Fires 2 high-penetration slugs per shot. Uses 2 shotgun shells per volley. Firing the weapon also executes an aoe blast around the user and provides i-frames. Can be crafted by gungineers.							No longer produces i-frames, but does shoot much faster.	Yet another reference to RO Gunslingers.
Generic Figure	Cancels out the Anime Fan morale loss if they have one of these in their active inventory while camping.						Anime vendors One of the Anime Club members also has it in his inventory.		
GG-12	Uses shotgun shells to fire explosive rounds. The explosions do not cause friendly fire.							Double projectiles.	Based on a theoretical AA-12 using mini-grenade
Ghetto Glaive	Short chopping motions with a lot of horizontal range. Inventive craft only.								
Gift Box	Drops character summons, toys, and other unique goodies. Can rarely be found in most maps and Shamazon Boxes. Guaranteed to be in Toy Stores. Santa also hands out one.						Anywhere (rare)		
Glass Sword	Destroys anything in one shot, but breaks immediately. Anyone with the ZEALOT statmod can get around this issue.							Cooldown reset on-hit.	Mostly inspired by the glass swords from Ultima.
Glowstick	Creates light sources on the ground when swung. Pathfinders start with these.

Iaido	Like the Kunai, except much larger.								KATANA ZERO DLC WHEN
Ice Rod	Fires a wave of ice when used. Ice turns zombies into frozen statues that can be thrown. Also drops ice mines that can freeze zombies when used by Lagomancers. Ice can also put out flames. Melee attacks also freeze zombies when out of charges. Wielding the rod grants fire immunity for the rest of the current mission. Cultists use stamina instead of weapon charges.							Cooldown reset on-hit if there are no charges left.	
Ice Talon	Mega boomerang. Drops ice mines on impact that can freeze zombies into throwable statues.								
IGEA Box	Creates a random piece of furniture when thrown. The furniture has much higher hp in comparison to regular variants. Can also sometimes drop a steel chair.						Anywhere (uncommon)		Based on IKEA furniture boxes.
Jetpack	Wielding the jetpack grants sporadic speed boosts. Will occasionally hiccup, using gas and spending the user into the air. Using the jetpack expends gas and creates an aoe blast around the user while throwing them into the air. Also grants i-frames.							Using the jetpack no longer grants i-frames, but also expends much less gas.	Sprite was originally created for Corporate Mercenary. Slightly based on the jetpack from Duke Nukem 3D.
Joyeuse	Throws out an additional thrust shortly after every attack.							Extra thrust per swing.	Final Fantasy XI reference.
Juggle!	Wielding the item throws a ball into the air. Hitting the ball will increase a juggle counter. Bonus effects occur the higher the counter goes. Counter resets if the ball hits the ground. Exclusive to various clown characters.							Doubles combo rates.	
Jungle King	Fires cocoanuts on impact.							Double cocoanuts.	KINGDOM HEARTS
Jur	Throws out an additional thrust shortly after every attack.							Extra thrust per swing.	Ragnarok Online reference.
Karat Blade	Provides light. Has a low chance of granting COOL-IT charges on impact. Lagomancers have a higher chance of triggering this effect. Lagomancers also have a 100% chance of crafting one out of Gold Bars.							Turns zombies into golden statues on impact.	
Katar	Uses stamina to rapidly fire a volley of short-ranged thrusts.							Double thrusts.	And another RO reference. Technically counts as a gun, so Martial Artists can't really use it.
Katsu	Will sometimes create slippery catsup puddles on impact. Spino's signature weapon.							100% on-hit proc chance. Uses more stamina.	It's Kirsche.

Kaya-King	Spins similar to twinblade weapons. Athletes produce wind gusts while swinging it.								
Kektor	A crappy airsoft version of the Bektor.								
Kero	Sends the user into the air when swung.							Grants no i-frames, but deals aoe damage while swinging.	It's Kaera.
Kevlar	Will block incoming damage during a mission if the item is in the character's active inventory. Has a chance of breaking after blocking, however.								
Kinetic Cantrips	Provides the following spells: -Pyrokinesis -Cryokinesis -Aerokinesis -Telekinesis								
Kingdom Key	Your standard keyblade.								I actually hate KH, but Omo loves that series, so...
Kotsu	Sometimes turns zombies into cocoanuts on impact.							100% on-hit proc chance. Uses more stamina.	Korsche.
Kraiter	Does aoe damage when swung. Also does aoe damage when wielded.							Swinging uses less fatigue.	
Kraken	Will sometimes throw out additional attacks after every swing.							Double additional attacks.	Based on the Kraken Club from FFXI.
Kursed Kris	Cursed. Will spawn zombie waves if wielded for too long.							Curse will not activate.	
La Tormenta	Provides light. Creates lightning bolts on hit. Trueno starts with this. Also the trademark weapon for the M*D*K trait.							Double bolts.	
Lagomancy Wand	Turns zombies into temporary animal allies. Lagomancers receive less of a stamina penalty while using							Uses much less stamina.	Sprite is from the base game, but it doesn't seem to
Large Pizza	Breaks into 4 pizza slices when used.						Arcades (can only be obtained here by		PIZZA TIME
LG-2	Slowly regenerates its own ammo while being wielded. Slows user movement while deployed, and slows even more while fired.							Slowing effect is reduced. Ammo regen rate is doubled.	
Liberator	Consumes four shotgun shells per use. Creates a massive hail of pellets. Self-stuns if the user has <6 Strength. Trademark weapon for the Trucker trait.								Based on the prototype liberator shotgun.
Lich Mail	Converts incoming damage into morale loss if the item is in a character's active inventory during a mission. Causes instant death if the user's morale is too low after taking damage.								Sprite is retrofitted from some past work that I did in Vranovo.
LIGHTBRINGER	Requires at least 6 strength to wield. Slows the user down while deployed. Provides a large amount of light. Causes AOE damage on impact. Can be obtained by using a screwdriver on a streetlamp with 3 or more mechanical.						Appears in most of sycamore's maps.	Faster swing speed.	I think the sprite belongs to Sycamore.
Lillie	Greatly slows on hit. Koishi's signature weapon.								

Loyalty	Provides light. Fitness > 5 : Faster movement speed. Strength > 5 : AoE damage on impact. Shooting > 5 : Fires a plasma beam when swung. Vitality > 4 : AoE knockback when wielded. Exclusive to Ramnor.							Cooldown reset on-hit.	Ramnor's trademark weapon.
Lucky Coin	Either summons zombies or summons Mauthe when thrown.								FNH MENTIONED
Lunarian Mallet	Functions similarly to the sledgehammer. Less damage, but more knockback.								
Lunarian Mallet DX	Bigger version of the Lunarian Mallet.						Toy Store		
Luty	Fast, but wildly inaccurate and jams often. Requires three Mod Kits to craft as a Gungineer.							Never jams.	Based on the actual Luty homemade SMG.
M*D*K Fig	Spawns several Minie Rifles and two Final Shots when broken. Can be bought from anime vendors.						Anime Stores		
M*E*A*T	Consumes food to create a meat corpse when used. The corpse can distract zombies.							Double decoys.	Mildly inspired by the bait item in the first Zelda game.
M1ku	Has a 1% chance to break and spawn a blue robot summon and a Mike-U.							100% proc chance.	
M79	Expend 2 gas to fire poison smoke grenades.							If unfatigued, uses stamina instead of ammo.	
Macuahuitl	Powerful, but has a high chance of breaking when striking
